ADVANCED SAFETY TECHNOLOGY

WINDSCREEN-PROJECTED COLOUR ACTIVE DRIVING DISPLAY

The colour Active Driving Display projects essential driver information including speed, turn-by-turn navigation and traffic signs onto the windscreen, closer to the drivers field of vision meaning you can safely focus on the road ahead.

Colour Active Driving Display standard on Sport and GT Sport models only.

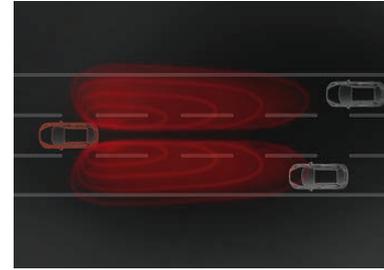

MAZDA RADAR CRUISE CONTROL (MRCC)

MRCC is an adaptive cruise control system. To activate, the driver sets a maximum speed (just as with cruise control) and size of the gap to maintain. The radar watches for traffic ahead and once the system senses a vehicle in front, the car will slow down and speed up automatically maintaining the drivers preset distance.

STOP & GO

Automatic models also have the additional feature of 'Stop & Go', meaning the vehicle will automatically accelerate and brake in start / stop traffic with minimal input from the driver.

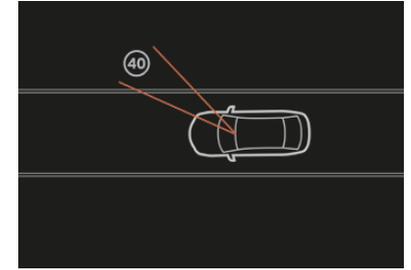

Mazda Radar Cruise Control standard across the range.

BLIND SPOT MONITORING (BSM)

Warns you of a vehicle entering a detection zone situated up to 50 metres behind, by activating a door-mirror mounted warning light on the relevant side of the vehicle. If you then indicate prior to turning in that direction, the warning light flashes and an audible alert sounds. Working at speeds as low as 20mph the system can prevent drivers from moving into the path of a following vehicle.

Blind Spot Monitoring standard across the range.

TRAFFIC SIGN RECOGNITION

Traffic signs and speed limits are displayed on the colour TFT display within the meter set or the projected Active Driving Display. Information is retrieved from both the navigation system and front facing cameras which read road side signs, allowing you to stay informed at all times.

Traffic Sign Recognition standard on Sport and GT Sport models only.

WLTP Combined mpg (l/100km): 35.3 (8.0) - 42.2 (6.7)

Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. All figures quoted are derived from the latest WLTP test cycle.

MAZDA SERVICES

MAZDA SERVICE PLANS

MODEL	ENGINE	PRICE
Mazda CX-5	Skyactiv-G	£679.00
Mazda CX-5	Skyactiv-D	£779.00

Take the hassle out of servicing your car by opting for a Mazda Service Plan from your Mazda dealer. For a one off payment or manageable monthly sum, your annual Mazda servicing can be covered for up to 3 years.

Contact your Mazda dealer for more information on the options available. At participating dealers only.

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

Mazda Service Plans cover parts, labour & fluids at the prevailing VAT rate for the first three scheduled services. You have the choice of paying for your Mazda Service Plan with a one-off payment, or by monthly Direct Debit payments over the duration of the Plan. Please contact your Mazda Authorised Dealer for more information. The servicing for Mazda Service Plans can only be carried out at a Mazda Authorised Dealer. At participating Dealers only and plan must be activated prior to the vehicle's first service.
